

The promise I make to all my prospects, clients, and business associates has always been...

"I'm going to be here to serve you even though I have nothing to sell you."

...and your Instant Referral System has helped me live up to that promise in a tremendous way. Once I discover what THEY DO to pay the bills and feed the dog, I simply pass along a few ideas I learned in your program they can use to grow their business.

Thanks for allowing me to be a local hero.
